## 6fory project's 2020 heavy rotation

6fory's goal is to be a comprehensive on-line resource for independent music, spreading the good word to as many ears as possible. As long as listeners are streaming and buying the releases that they read about on 6fory's various social media feeds, or hear on a 6fory mix-tape or on the radio stream, my efforts have been a success. So when it comes to selecting favorites from 2020, I'll leave that decision up to you. Listed below are 60 brilliant records (including a few collections/series) that have been on heaviest rotation at 6fory HQ throughout the year (release date order). Follow the links, press play, click buy, and most importantly, spread the word about the music that you love, and encourage others to do the same. Even if you can't afford to pay for releases, a simple social media post can be an invaluable benefit to the bands. Thank you!
