The Intercardinal Series by **RANGES** <https://www.rangesmusic.com/cardinalwinds> The Intercardinal Series took the form of four separate releases following the Cardinal Winds album, unveiled at three-month intervals. The naming system utilized the directions between the cardinal directions on the compass rose (NE, SE, NW, SW) to define them as being supplementary material, that "filled-in" the totality of the concept. This was an opportunity to expand on the diluvian theme of the album and add further depth to the artwork and symbolism.
